ISSUE TWO

JUNE 2021

ALLANDER LEISURE & DAY CARE CENTRE

Construction Update

Phase 1 of the project remains steady and on track. The piling phase of works was completed mid-May, with the foundations phase underway. The new building's steel frame will commence early June, which represents a key milestone in the project.

Piling Rig in Progress

Foundations in Progress

SOCIAL VALUE

Our aim for the duration of the construction programme is to fully engage and support the local community.

In the month of May, our site team participated in the Milngavie in Bloom Clean Sweep. We spent two hours litter-picking in the local Lennox Park.

If you are involved in any local community initiatives and wish to be considered for support, then please get in touch by emailing amy.mcbride@mclh.co.uk
